jatra is stated to have been put up in another connection. The Yuk-Division officer proposes to raise the toll on cattle from 6 pies to one anna per head as this will in no way materially affect the congregation of cattle on the jatra occasion, as the price of cattle has gone up four-folds the profits derived by the vendors are large and as by the adoption of this rate the income of the Mewzai and Temple Funds would be doubled without affecting the interests of the jatra in any way.

As regards the enhancement of taxes on amusement shops, the Yuk-Division officer is not in favour of raising the rates as this would lead to an increase in the price of the articles of consumption and adulteration and would consequently work as a handship on the people assembled there.

With the above suggestions the Yuk-Division officer proposes the adoption of certain rates of taxation as indicated in his letter as a temporary measure, and solicits early orders in the matter.

Letter No: R.H.C.954/19-20 dated 31st January 1930, from the Sub Division Officer, Kolar Sub Division, Kolar to the Deputy Commissioner, Kolar District, Kolar.

With reference to our No: R.H.C.363/19-20 dated 17th January 1930, with the accompanying petition registered No: 1185 from Chowdegowda and other Dharmadarsis of Gollahalli agraharam temple at Vakkaleri, Kolar Hobli, praying that the rate of toll and shop taxes during the jatra may be raised, I beg to state as follows:-

On 19th January 1930, at the Taluk Board Budget meeting, I had the occasion to discuss with the members and the Dharmadarsis assembled there, on this subject.

On a perusal of the records I found that the total income hitherto collected at the rate of 6 pies per head of cattle, together with shop taxes according to the Schedule of rates, as detailed to Rountsps shown in the margin for the last three years.

	Income.			
1.	Rates on Bullocks.	Shops.	Total.	The Schedule
1915-16.	430-6-6	56-0-0	486-6-6.	of rates as shown
2. 1917-18.	345-11-0	66-13-0	412-8-0	
3. 1918-19.	547-15-0	81-5-0	629-4-0	in the margin was

levied as per Government Order No:951-97/Rev:1,35-96, dated Bangalore 10th/12th March 1897, on the proposal of the then Deputy Commissioner of the District.

to one anna would in no way materially affect the congregation of cattle at the place as it is a long standing jatra of good renute. It is a well established fact that the largest income in such jatras is derived entirely on the toll levied on cattle. Now that the price of cattle have [illegible]

fourfold, and the profits derived by the vendors are large, we may without compunction whatsoever enhance the toll on cattle from 6 pies to an anna per head. By adopting this rate the income of the Muzrai and temple fund would be doubled without affecting the interests of the jatra in any way.

Further with regard to the raising of taxes, particularly sweet meat shops, I would be rather reluctant to adopt the rates proposed by the Dharmadarsis, as an enhanced tax would mean an enhanced price of the articles of consumption and adulteration. As the jatra is considered more or less a festive occasion, and as the price of all articles of consumption have risen enormously, in my opinion it would be inadvisable to raise the taxes double-fold as suggested by the Dharmadarsis. It would give scope to the vendors to unscrupulous profiteering under the double pretences of high prices and enhanced taxation, and consequently it would work as a hardship on the people assembled there.

I beg to suggest the following rates whereby I think the income to the Muzrai Fund and Temple Fund would be much increased.

The marginally noted rates of taxation may be adopted as a temporary measure.

Early orders are solicited as the Jatra is fast approaching.
